# ELEMENTS

CHAT BOARD® Elements offers the same advantages and high quality as our Classic magnetic glass boards, in an updated design with a slightly simplified edge- and corner finish. The clean glass surface provides the perfect backdrop for visualising and communicating ideas and information in meeting-, education- or brainstorming sessions.

*Cradle to Cradle Certified™* is a certification mark licensed by the Cradle to Cradle Products Innovation Institute

CHAT BOARD® Elements is made with 4 mm tempered safety glass, in accordance with the highest quality standards, finished with smooth V edges and 90° corners. It comes in a total of 5 standard colours and 6 standard sizes, which **can all be mounted both horizontally and vertically**. In addition, Elements can be made to order in bespoke sizes, shapes and standard RAL and NCS glass colours.
