Structured powder-coated aluminium	<ul style="list-style-type: none"> A technique of applying dry paint to a part Electrostatically charged and sprayed onto the object Placed in an oven and powder particles melt and coalesce to form a continuous film More scratch-resistant than non structured powder-coating 	10	50 - 100	2,70 10 ³ kg/m ³	Outdoor & indoor	n.a.	Very good: color can fade to some extent when exposed to UV	NEN-EN 13501-1 A2-s1*

NEN-EN13501-1 A2-s1

Satisfying the same criteria as class B for the SBI-test according to EN 13823. In addition, under conditions of a fully developed fire these products will not significantly contribute to the fire load and fire growth

Good to know

- Also a miniature version of this iconic piece available.
- Stackable up to 5 pieces and protect with blankets.
- Picnik is cut out of one aluminium sheet without any loss of material.

Maintenance

POWDER COATED PARTS

- White powder coating obviously requires more maintenance.

Floor fastening

Picnik comes with an optional floor fastening set: four stainless steel feet to be fixed with bolts. Use suitable bolts or screws from a specialized store depending on the material your terrace is made of.

Protective feet

Picnik comes with optional protective feet for delicate floor: four stainless steel feet with felt.

F.A.Q.

Q: Is it possible to stack the table?

A: It is possible, but as it is quite heavy, it is not so often done. To avoid damage, we recommend using blankets.

Q: Is it easy to move the table?

A: With two people this is very doable.

Warnings

General

- Do not use any sharp tools to open the packaging.
- We strongly advise against using power tools.
- Tripping hazard, mind your step.
- Do not put out cigarettes on the table.
- Not graffiti proof.
- Do not leave children unattended whilst playing on the table.
- To avoid danger of suffocation, keep plastic bags away from babies and children.
- Colors can differ over years and from batch to batch.

Product

- Do not drag the table, but carry it with minimum 2 people.

- Anchoring the product has to be done by qualified people.
- For anchoring: use suitable bolts or screws from a specialized store depending on the material your terrace is made of.
- There are protective feet for indoor use.
- Stackable up to 5 pieces and protect with blankets.
- Always stack the table with 2 people.
- The Picnik tabletop can bear a maximum load of 120 kg.
- Max. 2 people or 160 kg per bench.

Powder coating

- White powder coating requires more maintenance.
- Do not use abrasive scouring powders or scourers as they will scratch the surface.

- Color can fade to some extent when exposed to UV.
- Flame retarding - NEN-EN13501-1 A2-sl - Satisfying the same criteria as Class B for the SBI-test according to EN13823. In addition, under conditions of a fully developed fire these products will not significantly contribute to the fire load and fire growth.
- Dark colors can get very hot in sunny weather.
